DEVOTED TO THE INTERESTS OF GARLAND AND THE GREAT BEAR RIVER VALLEY

Vol. 1. No. 23.

Published at Garland, Utah.

Company's Canal Gives Way.

Bank Slides Into River.

Canal Washed out by Bank Slipping into Bear River. Men and Teams Build New Canal Around the Break.

Tuesday night the Corinne Branch of the Bear River canal, one mile south of East Farm, was damaged by a washout that cut a gulch 100 feet deep and 300 feet long.

The earth in that vicinity is of a slippery nature and to all appearances looked perfectly safe up to the time of the break, but suddenly the bank slipped into the river and the large amount of water carried by the canal, soon found its way into the river below.

No serious damage was done except to the canal which was irreparable and a new canal was cut around the break.

A force of 100 men with teams built 1,600 feet of canal in two days and the water was turned into the canal again Thursday night. It is now in a better condition than ever.

The Hot Springs.

Quite a number of our people are beginning to realize that the hot springs, north of this city, afford bathing facilities that cannot be excelled in the state, and are taking advantage of the opportunities offered. It is only one and one-half hours' drive to these springs, and a good time to go is just before sunset. For an evening's outing, there is nothing so pleasant as a drive to the springs and take a plunge just after old Sol has sunk to rest in the western horizon.

After the bath a lunch on the water's edge is very palatable indeed. This followed by a cool drive home again makes one feel refreshed and invigorated for the morrow's hot and sultry battle.

A Runaway.

An exciting runaway took place a few evenings ago that came near being a serious fatality. A quartette of young people consisting of Wild Woods, Mark Leavitt, Electa Hall and Edith Hansen were riding in a single rig in the northern part of town. The axle of the buggy broke and the horse became frightened and ran away, taking with him the front part of the buggy. The occupants were thrown out and somewhat bruised. The horse ran into the stack yards of Geo Clark and the harness and rig were strewn along Main St. The quartette escaped serious injury, but were badly frightened.

Tremont Disappointed

The school election for Dist. No. 25 was held at the Elwood school house Monday, quite an interest being manifested especially by Tremont who tried to elect their man.

Not a Tremont showed up all day until just a few minutes before the polls closed, and, in a body 24 strong, came they to battle for their Sherman man.

They are to be complimented for the spirit of union that exists in their midst, but they were disappointed when the results of the election were announced.

Quite a number from this city and vicinity went down to vote and no doubt, many more would have gone had they known that Tremont was so anxious to elect their man.

Following is the result of the election: Trustees for the 8-year term, Moroni Mortensen of Bear River City, for the 2-year term, W. D. Lewis of this city. Both of these gentlemen were re-elected and as P. M. Hansen is already a member of the board, this gives a strong Board of Trustees for Dist. No. 25.

Garland Goes to Brigham To-day.

"Rub Game" Contest.

Both Teams in Fine Shape and Contest to be Hard Fought Battle. Garland Must Win.

Both the Garland and Brigham teams have been doing some excellent work during the past two weeks and the game to day promises to be the best of the season. Garland won a home in Lehi by defeating their team in two hard fought battles and Brigham defeated the best team of Weber Co., outside the league team, Saturday July 7th.

This is the "Rub Game" as both teams have won two games out of the four played.

Don't let our team go to day unaccompanied by a strong force of "rooters." Garland has a record that must be kept up and if "rooting" helps them out, let's be there and show our colors.

This is the game we want and we are going to work hard to see Garland one round higher on the famous base ball ladder.

Manager Eaton is communicating with a number of the base ball managers throughout the state to secure a game here for the 24th of July.

Big time of the season. What? The C F D excursion to Lagoon July 19 Everybody invited—July 19.

Lost—Lady's Purse containing check of \$3.00 and some change, between Leavitt's and W. H. Crandall's. Return to this office and be rewarded.

Notice

A report having reached my ears that I had purchased an interest in the Club Saloon, I take this mode of contradicting the same. There is not the slightest ray of truth in the report as I have no interest whatever in the Club or any other saloon and have never entertained any idea of investing in that line of business.

Riverside.

Our boys have been so busy in the hay and beets and so many were away celebrating that for some time past base ball has been at low tide in Riverside, but interest was revived last Saturday when they gathered their scattered forces and jubilantly crossed the Malad, only to get a "bunch of fires" handed to them by the warriors who wear Fielding written across the front of their uniforms. It was an even hard fought battle, run for run, registered by the scorer up till the seventh innings, when Fielding punched a few safe ones and let in three men in quick succession. That was all, the game was over and the score card told the tale of 6 to 9 with Fielding to the good. Then when the yelling ceased and hats came down, soda water was in order, the Fielding boys were voted "good fellows" and we separated with "see you next Saturday." These same teams will cross bats here next Saturday on our home diamond in a return game and our boys think that the pang of defeat, which they suffered last Saturday, will make the joys of victory more complete.

Thatcher, Utah.

July 4th was celebrated here in fitting style. An excellent program was carried out at the School House in the forenoon, Wm Miller being orator of the day. In the afternoon the Bothwell and Elwood teams played an interesting game of ball that ended in a score of 14 to 15 in favor of Elwood. The crowd attending the celebration here was the largest ever witnessed in Thatcher.

Our school election took place Monday, the votes cast being the heaviest ever polled in this district. Mr. Harris was the people's choice for trustee.

J. H. Watt cracked a smile yesterday that hurt his face. Reason: A little girl came to brighten their home and has decided to stay. Mother and babe doing fine. J. H. will recover.

Old Chronic Sores.

As a dressing for old chronic sores, there is nothing so good as Chamberlain's Salve. While it is not advisable to heat old sores entirely, they should be kept in a good condition, for which this salve is especially valuable. For sore nipples, Chamberlain's Salve has no superior.
